13.00 EUR

125 ML

BioKap® Repairing and Restructuring Oil, beauty drops to repair and restructure your hair, contains Fitokeratin from Rice, a special “vegetal keratin” that creates a natural protective barrier and restructures the hair fibre. Its special formulation has been designed to strengthen the hair from the roots to the ends, a perfect product for dry and damaged hair and for a frequent use. Special two-phase formulation. On one hand, the organic sweet almond oil and the vegetal ceramides improve brightness and make your hair shiny; on the other, it features rice-derived hydrolyzed proteins and vegetable glycerin with moisturizing and softening properties.

WHEN TO USE IT

For dry, brittle hair and to help prevent split ends.

HOW TO USE IT

Can be applied to wet hair to protect it from the heat of the dryer or to dry hair to add shine and define your hair styling. Shake before use.

WHAT IT CONTAINS

Rice Fitokeratin, organic Sweet Almond Oil, Vegetable Ceramides from Olive Oil, organic Argan Oil,

plant-derived Betaine

NOTES
