

BioRevital Age-Retard

24.50 EUR

30 COMPRESSE

BioRevital Age-Retard is a dietary supplement of vitamins A, C, and E, Selenium, reduced Glutathione, Coenzyme Q10, and Grape seed extract. Vitamins C and E, Selenium, and Grape seeds help to protect cells against free-radicals induced oxidative stress. These antioxidant substances are known to counteract the harmful effects of free radicals, responsible for cell ageing. Its particular controlled-release formula allows every nutrient to be assimilated gradually throughout the day.

WHEN TO USE IT

Indicated for middle-aged people, smokers and heavy drinkers, tanning and sunbed enthusiasts, sportspeople, and for those who live or work in polluted environments.

HOW TO USE IT

1 tablet per day, taken with a little water or other beverage.

WHAT IT CONTAINS

Red vine seed extract, Coenzyme Q10, reduced L-Glutathione, Selenium, and Vitamins A, C and E.

NOTES

Gluten free. Lactose free.

One tablet per day provides 100% of the daily requirement of Vitamin A.

Read the instructions on the package.
