Description

Bromelina 500mg Principium is a Pineapple extract supplement, titrated with Bromelain, with high

proteolytic activity (2500 GDU/g). GDU (Gelatin Dissolving Units) is the measurement of the ability of Bromelain to “disassemble” proteins and therefore of its digestive ability.

Rich in Bromelain, Pineapple extract is useful to encourage microcirculation, fighting the imperfections caused by cellulite, promoting a draining action and reducing the feeling of heaviness in the legs.

HOW IT WORKS

Each tablet contains 500mg of Bromelain with a proteolytic enzymatic activity equal to 2500 GDU (Gelatin Dissolving Units) per gram and Pineapple stem extract. The gastro-protected tablets protect Bromelain from the attack of gastric juices.

Formulazione: Average Content	1 tablet
