50 ML

Resting quietly allows facing the day in the best possible shape.

VitaCalm ® Buonanotte is a food supplement with Valerian, Passiflora, Lavender, Lime and Melissa titrated and standardised plant extracts: plants from the herbal tradition known for their ability to promote relaxation and quiet sleep. These extracts are skilfully mixed in a Camomile watery extract that, apart from promoting sleep, gives the product a very pleasant taste.

VitaCalm ® Buonanotte can be added to water and other liquids and can be used at night as a valid alternative to traditional herbal teas. Its particular formula is recommended to solve the day tensions and promote relaxation in children, aged 3 and up, adults and the elderly.

WHEN TO USE IT

To promote night rest, in case of intermittent or restless sleep. Indicated for adults and children.

HOW TO USE IT

Children (from the age of 3): 20 drops

Children from 12: 40 drops

Adults: 60 drops

diluted in a little water, herbal tea or other liquid, at night before going to bed.

WHAT IT CONTAINS

Valerian, Passiflora, Melissa, Lime, Lavender and Camomile.

NOTES

With sugar and vegetable sweetener.
