DOUBLE-RELEASE TABLETS[;]

VitaCalm® Tutta Notte is a food supplement based on the plant ingredients of the herbal tradition, useful to promote relaxation and restful sleep.

VitaCalm® Tutta Notte is in fast/delayed double-release tablets, to induce sleep and maintain it for the whole night, reducing night awakenings.

In fact, the innovative fast/delayed two-layer technology allows the gradual absorption of the plant ingredients and enhanced use by the body. Lavender, Valerian and Eschscholzia, contained in the first fast-release layer, promote sleep. Passiflora, contained in the second layer and released within 4 hours, promotes relaxation and continuous and restful sleep.

In two-layer tablets

1st layer, for immediate release: Valerian, Eschscholzia and Lavender promote sleep.

2nd layer: Passiflora promotes relaxation and continuous and restful sleep.
